TAE 2

No matter how clearly a teacher focuses on a new structure, learners frequently make mistakes when using it the next day or on later occasions. Do you think this is as a result of poor teaching, because of a poor learner or some other reason? You should make at least 4 points which you support with relevant information.

TAE 3

Which of these approaches would you prefer to use with a low level group?

(i) PPP

(ii) Test-Teach-Test

(iii) A deductive approach.

Justify your answer with at least 5 reasons.
